

TAFT AND COLONEL ARE LIKE TWO BOYS

Presidency Is the Toy Over Which They Are Quarreling.

BOTH OF THEM CLAIM IT

Governor Harmon, of Ohio, Makes Stinging Attack on Both of Them.

Baltimore, October 26.—"The President and the Colonel are like two little boys with a toy," declared Governor Judson Harmon, of Ohio, in a speech here to-night, in which he asked for the election of Governor Woodrow Wilson to the presidency.

"Let me have it," says Theodore. "But you gave it to me," replies William. "I only let you have it to hold a while. Now I want it back," returns Theodore. "Indian giver," cries William, and they elench.

In this manner Ohio's Governor summed up the contest between President Taft and Colonel Roosevelt.

"I cannot really say that Governor Wilson was my first choice for the nomination," said Governor Harmon in referring to the Democratic nominee, "but my Democracy is too staunch to be upset by personal disappointment."

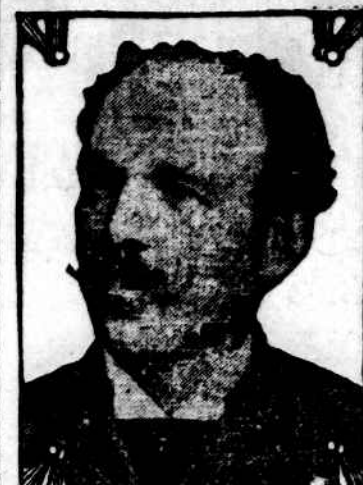

"He has conducted his campaign with tact, dignity and ability, and there is no reason for anybody, certainly none for any Democrat, to prefer either of the other candidates to him."

Governor Harmon's speech was a stinging attack on Colonel Roosevelt, a discrediting of President Taft and a brief reference to Governor Wilson near the close.

"Colonel Roosevelt is greedy for power and brutal to everything and everybody that stands in the way of his getting and using it as he pleases. And the only definite thing he proposes is to put the great private industries of the country, which have no public character, like the railroads, under control of a commission, to be appointed by the President. This is the most monstrous proposal ever seriously made in a free country. It would fit no government but an absolute monarchy."

"The candidacy of Colonel Roosevelt puts American citizenship to the test. Can we be stampeded by brag, bluster, pretense, appeals to passion, class hatred and the socialistic instincts so easy to arouse, especially as now, the

WHAT IT IS—WHAT IT DOES.

It is an absolutely pure distillation of clean, selected, grain thoroughly malted. It is a predigested liquid food in the form of a medicinal whiskey, and can be retained by the most sensitive stomach.

By assisting digestion and assimilation it enables you to get from the food you eat all the nourishment it contains. It builds up the nerve tissues, tones up the heart, gives power to the brain, strength and elasticity to the muscles and richness to the blood.

bestowal of special favors has set things awry.

"The squabble between the President and the Colonel has not been a credit to the country. And the proper course for the people is to say to them: 'A plague on both your houses, the Democratic ticket for us this time.'"

Referring to President Taft, the Governor said:

"The President and his party have long controlled the government, and ask the approval of the country by his re-election. As he was nominated only by a bare majority, in the face of most bitter opposition, which has since taken the form of an organic break in his party, he comes before the voters discredited by nearly half of his own political comrades."

"The candidacy of Colonel Roosevelt puts American citizenship to the test. Can we be stampeded by brag, bluster, pretense, appeals to passion, class hatred and the socialistic instincts so easy to arouse, especially as now, the

Before Mr. M. Wohlschiess started using Duffy's Pure Malt Whiskey his stomach was all out of order and his nerves shattered, troubles that were quickly checked. "For two years I suffered from my stomach and nervous trouble. My digestive organs were all out of order, and all that I spent for relief was thrown away. I read about Duffy's Pure Malt Whiskey, tried it, taking four doses a day, and, like a miracle, within a very short time my ailments disappeared. My nerves are now quiet, and my stomach can retain all food, and I am again in good condition. I recommend it to every sick person."

LETHARGIC FIGHT DRAWING TO CLOSE

Old Campaigners Cannot Recall Campaign With So Little Public Interest.

NINTH NOT EVEN STIRRED

Two Amendments to Constitution Fought and One Is Unopposed.

As the campaign nears its end little change is to be noted in the situation in any part of Virginia. Lethargy more complete and profound would be hard to imagine. Virginians have not been much excited in a presidential campaign for the last twenty years, in view of the certainty of a majority for the party electors. But the apathy this year is unparalleled. The oldest politicians have never seen anything approaching it.

A party rally in the capital city of Virginia, with one of the most attractive speakers in the State, and with the addition of a brass band, brought out only 300 people. It is just the same everywhere.

Dull Even in Ninth.

Not even in the Ninth District is there the usual interest in politics. Nobody expects anything like a total vote that was cast two years ago there, although that was an off year and this is the presidential contest. Neither party is getting crowds larger than those who go to the county seats on court days anyway, and those few whose party loyalty is ever on top.

The outcome in the Ninth is very doubtful, the result depending entirely on the size of the vote polled by Walter Graham, the Progressive candidate for Congress. Most of the Bull Moose adherents consider themselves pledged to Representative Slomp, their delegates having gone into the Bristol convention.

What makes for uncertainty in the Ninth is the new agreement between the candidates that no money shall be used for vote buying.

This may make a change in the situation which cannot be gauged until the votes are counted. While the Republicans in the Ninth may not have always had more money than the Democrats, they have had it more regularly in the past ten years, and know better how to use it. Without it, the issue is uncertain. Indications are for a dull season for vote sellers.

Fifth Is Certain.

No doubt exists as to the result in the Fifth District. Although A. B. Hamer, the Republican nominee, has pledged himself to the bill forbidding gambling in futures or produce exchanges, thereby enlisting the help of an element of the Farmers' Union, he lacks the organization which was in the hands of John M. Parsons in the last two campaigns, and is not expected to give Representative Saunders anything approaching a close fight. Charlotte and Halifax will make for at least 1,500 Democratic majority.

So certain are the results in most of the districts of the State that no notice is being taken of the races for Congress. Congressmen Flood, Hay and Carlin are making special efforts to get out the full vote on election day, and these districts have been most thoroughly covered by speakers. Bath and Rockbridge Counties remain to be covered by Mr. Flood this week, and Mr. Clarke and Mr. Hay's district. Mr. Jones and Mr. Holland have a few more speeches to make in their own districts. Judge Watson is making no speaking campaign in the Fourth District, and Governor Montague, of the Third, is in New Jersey giving his voice to the campaign for Woodrow Wilson.

In addition to General Ayers, the Democratic nominee, speeches will be made this week in his behalf in the Ninth District by Henry C. Stuart, Richard Evelyn Byrd, Martin Williams, J. Norment Powell, T. J. Downing, Don P. Halsey, Harry St. George Tucker, R. Tate Irvine, Judge R. T. W. Duke and Congressman E. E. Holland.

Amendments Presented.

Three amendments to the Constitution are to be voted on in the election of November 5. One of these has not the slightest opposition in any quarter. It simply changes the Constitution so as to permit the General Assembly to pass laws providing for cities other forms of government than those now in vogue—in other words, to let the Legislature amend a city's charter so as to permit adoption of the commission form of government. It may be done only on a vote of the majority of the people of the city to be affected. There seems no doubt whatever of the ratification of this proposed amendment.

The other amendments are intended to permit city treasurers to succeed themselves indefinitely in office, instead of limiting them to two terms, as at present, and to provide that city commissioners of the revenue shall be elected by the people, and be eligible to succeed themselves. The same amendments were submitted to the people at the election of November, 1910, and defeated. They are resubmitted at this time, without having been through the prescribed course of two sessions of the Legislature, in order that the city officials now in office may be enabled to run for re-election next year.
